

RoboThink STEM Robotics program at The New School Montessori !

RoboThink provides STEM programs across 30+ countries, specializing in robotics and coding to foster creativity and problem-solving skills in children. Through hands-on learning with proprietary kits, software, and curriculum, RoboThink is dedicated to nurturing the next generation of engineers and innovators. We are proud to be partnering with **The New School Montessori**, a renowned Montessori educator in Wake County, to provide exceptional STEM education to local children.

After-School Robotics Program for Kids (Ages 7-12) at The New School Montessori

Parents and kids, get ready for a thrilling adventure into the world of robotics! Join us for an exciting after-school program where your child will:

-  **Build Robots:** Use RoboThink's exclusive kits to design and construct robots using mainboards, motors, gears, and axles.
-  **Invent Devices:** Unleash creativity and innovation through hands-on projects and teamwork.
-  **Solve Engineering Challenges:** Develop critical problem-solving skills by constructing robots from scratch.
-  **Explore the History of Inventions:** Learn about engineering pioneers and iconic inventions that changed the world.

 **Program Dates:** March 25th - May 13th, 2025

 **Time:** Tuesdays, 3:00 pm - 4:30 pm

 **Duration:** 8 weeks, 90-minute sessions each week

 **Cost:** \$220

 **Location:** The New School Montessori, 5617 Sunset Lake Road, Holly Springs, NC 27540

Space is limited! Register today at:
